

IMMEDIATE OPENING – FULL TIME POSITION
• Director of R&D •

Diversified Technologies, Inc. is the developer and marketer of the PowerMod™ line of high power modulators, DC power supplies and control systems. Selected twice by R&D Magazine as one of the 100 most significant products of the year, PowerMod™ systems are available in a wide range of voltage, current, and performance configurations. DTI also applies its broad base in engineering and physics to consulting on specific engineering and development requirements.

Please take a few moments to browse our site and learn about our unique technology, and how our products are being used in high power applications world wide: www.divtecs.com

DTI is seeking a **Director of R&D** who will manage our advanced engineering effort, primarily funded under the Small Business Innovation Research (SBIR) program. DTI has a strong, ongoing SBIR portfolio, and a successful record of bringing SBIR technologies to market. DTI's R&D efforts are primarily focused on radar and high energy physics, with applications in ion implantation, power conversion, and food processing. This position will manage DTI's SBIR portfolio, and assist in transitioning new technologies to the market place.

Responsibilities:

- Manage DTI's Small Business Innovation Research (SBIR) program, from proposals through transition to Phase III and the marketplace
- Manage the technical aspects of SBIR's, leveraging DTI's R&D activities across projects.
- Develop and monitor schedules and budgets for individual projects, ensuring projects are completed and delivered on time and within cost objectives.

Requirements:

- Demonstrated successful Project Management experience across multiple projects.
- Excellent writing skills, with experience winning SBIR proposals
- Strong interpersonal and communication skills
- Understanding of federal government contracts
- US Citizen or permanent resident

Education: Degree in Physics or Electrical Engineering, MS / PhD / MBA preferred

Experience: 10 years minimum experience

Travel: Occasional travel to customer sites required (domestic and foreign)

Excellent benefit program: Insurance: Health, dental, life, disability, 401K, tuition reimbursement. Leave & Holidays: paid holidays, sick and 15 days of vacation beginning the first year.

DTI is an equal opportunity employer and considers qualified applicants for employment without regard to race, gender, age, color, religion, disability, veteran's status, sexual orientation, or any other protected factor.
